Proit llc

CAPABILITY STATEMENT · FALL 2026

Accessible applications and the Microsoft platforms they run on.

PROIT LLC is a Maryland-certified, minority-owned IT firm founded in 2014. We turn paper and legacy processes into accessible online workflows, test public sites to WCAG 2.1 AA, and run the Microsoft and server platforms underneath — for Maryland agencies, Montgomery County programs and their prime contractors.

WHY PROIT

Certified locally
Maryland MBE, SBE and CSB; Montgomery County LSBRP and LBPP.

Build and run
We build the application and run the servers under it.

Checked by hand
Keyboard and screen-reader testing, not scans alone.

Bilingual delivery
Work delivered in English and Korean.

No lock-in
Written scope first; full handover documentation.

01 · CORE COMPETENCIES

Directly or under your prime contract

Workflow & form modernization 01

Paper, PDF and legacy forms rebuilt as accessible online intake with routing and approvals, in .NET and SQL Server or Microsoft 365, plus .NET application upgrades.

Section 508 & ADA accessibility 02

Manual keyboard and screen-reader testing, documented findings, repair and retest to WCAG 2.1 AA: the ADA Title II and HHS 504 standard, which includes the WCAG 2.0 AA criteria of Revised Section 508.

Data, reporting & program sites 03

Systems of record connected into dashboards and recurring reports, and accessible program websites in English and Korean.

Microsoft platform & infrastructure 04

Windows Server, Microsoft 365, SharePoint, SQL Server, Azure, and HPE servers on VMware ESXi — set up, secured, patched and supported as defined-scope O&M.

02 · SCOPED STARTER PROJECTS

Quoted with deliverables, exclusions and acceptance criteria

Section 508 Assessment
Manual testing and a prioritized fix list.

Form Modernization
One paper process rebuilt as a routed form.

Government Microsite
An accessible site for one program or campaign.

Dashboard Prototype
A working dashboard on your own data.

03 · PAST PERFORMANCE

References and scope documentation on request

Hyundai Translead Direct · Commercial · 2026	HPE ProLiant DL380 servers rebuilt on site: VMware ESXi 8.0.3 installed, and iLO and management networks set to the client's standards.
HANS TRAVEL Travel agency & tour operator	Website redesign and custom travel management system: modernized digital experience, tour content presentation, and internal business operations.
